A Hurdzan-Fry Design

The River Course

AT KEYSTONE

USGA Rules Govern All Play

Welcome to The River Course at Keystone, elevation 9,300 feet. This par-71 course, designed by Dr. Michael Hurdzan and Dana Fry and opened in the summer of 2000, brings an element of drama to your game. The par-35 front nine is oriented around the path of the Snake River and the par-36 back nine winds through a lodgepole pine forest. Impressive elevation changes, variable bunkers, water hazards, and six sets of tees on each hole combine to challenge golfers of all abilities. The 16th hole features a 194-foot elevation drop from tee to green and the scenic 18th hole offers 12 bunkers and spectacular views of Lake Dillon. Add to that the magnificent views of snow-capped peaks and wildlife and it's easy to see this is a golfing experience unlike any other.

"Our philosophy is to design golf courses that stir the spirit, exceed expectation and defy understanding. In doing this, golf becomes a complex puzzle requiring strength, skill and strategy - set in an environment of unquestioning beauty, yet subject to the irrepressible forces of nature." - Dr. Michael Hurdzan.
